EMF-100 Electromagnetic Flow Meter

Technical Datasheet & Engineering Specs

TECHNICAL SPECIFICATIONS:

Measurement Type: Electromagnetic Flow Measurement
Pipe Size: DN15 - DN300
Accuracy: +/- 1.0%
Liner Material: PTFE / Rubber
Electrode Material: SS316L / Hastelloy
Protection Class: IP65 / IP68 Submersible
Output Signal: 4-20mA / Frequency / Pulse
Communication: RS485 Modbus / HART
Power Supply: 24V DC / 220V AC
